

Systems and Convention Policy NIBU

The NIBU will in principle follow the WBF Systems and Convention Policy in Open Competition.

<http://www.worldbridge.org/Data/Sites/1/media/documents/official-documents/Policies/WBFSystemsPolicy.pdf>.

HUM systems and Brown Sticker Conventions will only be allowed in Premier 1, Premier 2 and Senior Leagues, the Kelvin Cup and in Camrose and Lady Milne trials – subject to Home International regulations. Players using such methods shall inform the opposition Captain at least 10 days before the match – supplying full details of the methods and a suitable defence to them. Opponents are allowed to refer to their defence at the table. In addition when one team uses HUM systems opponents have seating rights throughout the match.

At Intermediate level players may only use common systems and conventions.

Lucas twos may not be played at Inter B. Weak twos and Multi two Diamonds are allowed.

Common :- Players could expect to meet them regularly and from several partnerships.

At all levels players may ask for systems and conventions to be approved or disallowed by presenting a case to L & E.

Players with queries should address them in the first place to the Chairman of Laws & Ethics (Alan Hill clubanddiamond@yahoo.co.uk).
