

## Bridge 2019

Greenisland Primary School.

Thank-you all so much for allowing us to participate in Bridge this year, we have loved learning all about Bridge and spending time with the Bridge teachers.

I have asked the pupils to point out some of the benefits of Bridge and things that they enjoyed.

I liked all of the people who came in to teach, they were funny and made Bridge enjoyable- Zach.

I loved the card game, I will keep playing it at home. I make sure to play it with my family- Luke.

I liked how we are now able to teach other people how to play- Grace.

I am so glad that we had the opportunity to learn Bridge, I can now do something that other people in my family can't- Zara.

I can't wait to continue playing Bridge in my next school and in tournaments. It will be my new hobby- Toby.

Bridge really helped to improve my problem solving skills- Megan.

The teachers made everything so easy to understand- Ruby.

I liked to see my skills improving each week, it was a valuable experience- Emma.

Playing Bridge has definitely improved my skills in organisation- James.

Bridge helped me a lot with my quick mental maths skills- Jack.

Playing Bridge in a group really helped get to know people in my class better- Gethin.

Thanks again for taking the time to teach the children, I really do hope that they continue to enjoy Bridge in their next school.

With very best wishes,

Tracy Falls (VP) and Matthew Best

Eden Primary School

Bridge Lessons

The children have really enjoyed the Bridge sessions with Norma and Pat. They can hardly wait until 11. o'clock on a Tuesday and a number of them are looking for any other opportunity through the week to play. I believe it has been of real educational benefit in a number of ways

- It has encouraged good teamwork
- Given plenty of mental maths opportunities
- Helped to develop their thinking skills.

I would recommend these coaching sessions to anyone who is given the chance to avail of them

Alistair Purdy

Vice Principal
